Re: MUR 5492

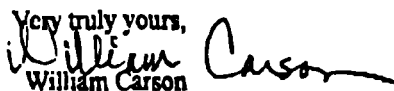

Jeff S. Jordan

Attn: Alva E. Smith

In response to the above referenced complaint I am submitting the following reason why no action should be taken against me. The role that I accepted to serve as treasurer at the request of the president of Freedom, Inc., Mark Bryant, was limited to issuing blank checks to persons authorized to write and sign checks and to maintaining records of the use of the checks. This was done as a perfunctory clerical task due to the expressed need of the organization to have the records kept for the purpose to make required reports. It was clearly established that I would not sign any checks and I did not sign any checks. I did sign reports prepared to compile and forward information that was recorded in the records that I maintained. I also would deposit checks in a bank account when requested along with other depositors. I also recorded vouchers to support checks approved by other persons. I did not participate in the approval of any expenditures and only recorded those expenditures that were attached to numbered check stubs given to me for recording and filing.

My name was used without my prior knowledge on printed material, newspaper ads and radio broadcasts that was identified as paid for by Freedom, Inc, William Carson, Treasurer.

For these reasons I am requesting that no action be taken against me and that I be removed from the complaint.

Very truly yours,

William Carson
